#### 4.2 Committees

The **Younger Members Committee** was chaired by Tom Hartmann (Kimley-Horn and Associates). The Younger Members Committee was responsible for publicizing the Greater Dallas Section Scholarship and helping host the scholarship golf tournament. In October of 2014, Tom Hartmann stepped down as chair of the Younger Members Committee. Robin Osborne was appointed the new chair.

The **Scholarship Golf Tournament Committee** was chaired by Hiron Fernandez (Kimley-Horn). The Committee planned a successful scholarship golf tournament held on May 9, 2014 to raise money for transportation engineering scholarships.

The **Scholarship Selection Committee** reviewed applications and made a recommendation of the students most worthy of receiving a Greater Dallas Section Scholarship. This Committee was chaired by John Black (City of Richardson) with the Section President and Younger Members Committee Chair serving as the other members.

The **Professional Development Committee** organized several webinars for members to attend. Our professional development activities are highlighted in more detail later. This committee was made up of Josh Smith (Savant), Curtis Jarecki (City of Frisco), and Wes McClure (TxDOT).

The **Nominating Committee** nominated candidates to run in the 2014 election for Section Secretary-Treasurer and Vice-President. The nominating committee was chaired this year by Larry Cervenka (Binkley Barfield – C&P) with Walter Ragsdale (Ragsdale Consulting) and Steve Stoner (DeShazo Group) serving as members.

The **Tellers Committee** confirmed the online vote tabulation and declared a winner of the 2014 election. This committee was made up of Larry Cervenka and Walter Ragsdale.

#### 4.3 Professional Development Activity

The Greater Dallas Section Professional Development Committee has a goal of providing at least one training session per quarter. The Committee works to find local firms and agencies to sponsor and host an event. They are also expanding the scope of their efforts to include identifying professional development opportunities available in the Region (outside of ITE) and sharing these with our membership. This includes opportunities that may be available through such organizations such as NCTCOG, ASCE, ITS Texas, ITS America, TxDOT, CEC, TSPE, and others. The section promoted the following Webinars and presentations during Calendar Year 2014.

**Table 2: Webinars Offered**

#### 4.4 Scholarship Golf Tournament

**The Dallas Section Scholarship Golf Tournament earned over \$7,000 for scholarships, a new record!**

The Greater Dallas Section hosted our fourth Annual Scholarship Golf Tournament on May 9, 2014. The golf tournament serves as the Dallas Section’s only fundraiser for the traffic and transportation engineering scholarships.

The Dallas Section Younger Members Committee was tasked with planning the golf tournament. The committee consisted of the following members:

The younger members involved in the planning of the golf tournament dedicated many hours and exchanged hundreds of emails related to the event. This year the committee engaged many younger members who have not been involved in the committee in the past, making for a very diverse group of volunteers represented by many different companies and agencies.

The fourth annual tournament involved 73 golfers, with 24 sponsor companies participating at various funding levels at our event. Ultimately \$7229.78 was raised for the Greater Dallas Section Scholarships. This year a new record was set in terms of profit, a 33% increase in year over year profits. We are very grateful for all the sponsors, volunteers, and players’ participation for making this such a successful fundraising event.

## Greater Dallas Section Scholarship Award

Due to the success of the Golf Tournament, we awarded \$5,000 in scholarships to the following students in August 2014:

- Lucy Richardson Southern Methodist University, \$2,000
- Sukrit Narula, Texas A&M University, \$1,700
- Shawn Poe, University of Colorado - Boulder, \$1,300

Each of these students was awarded the scholarship based on their application and demonstration of financial hardship while pursuing a degree in civil engineering.
